## CONFERENCE TOPICS

In this moment, the world's biggest challenge is also one of the highest natural and social risks - Covid 19. As a consequence, all major financial institutions across the globe cut their forecasted statistics. The scope of the conference is to analyze the impact of Covid-19 on different spheres of economy (financial markets, macro-economies, industries, service sectors, etc.). A priority is given to papers with the analysis of quantitative data, but also welcome are studies with theoretical discussions.
